## ★ Flip Knife | Slaughter (Minimal Wear)

★ Covert Knife  
Counter-Strike: Global Offensive

Exterior: Minimal Wear

Flip knives sport a Persian-style back-swept blade with an acute point. While the point itself may be fragile, the overall design of the flip knife's design is surprisingly durable. It has been painted in a zebra-stripe pattern with aluminum and chrome paints with various reflectivities, and has then been covered with a tomato red candy coat. *Valeria doesn't pay Javier to ask questions... she pays him to pry out answers*
